

**REPLACING
THE HEATER
CORE...**

**IS NOT A JOB
YOU WANT
TO DO TWICE.**

Using a quality Heater Core is key to a successful replacement

Due to the location of the heater core in most vehicles, technicians may be required to remove the entire dash to complete the repair. This results in a labor intensive and often frustrating process.

Four Seasons[®] Heater Cores are leak, pressure, and vibration tested to prevent comebacks.

Four Seasons[®] Heater Cores provide tested quality and superior coverage for late model import and domestic applications.

- ✓ Heavy Duty Construction for Product Durability
- ✓ Manufactured and Designed to OE Specs for Proper Fitment
- ✓ Nitrogen Leak Pressure Tested for Proven Quality & Performance
- ✓ Chemically Treated Against Corrosion and Pitting

**YOUR FULL-LINE QUALITY SOURCE FOR ALL
HEATER CORE DESIGNS**
