WHY FOUR SEASONS® AIR DOOR ACTUATOR KITS?

With as many as eight air door actuators per application, replacing actuators one-by-one can be a costly and labor intensive repair. Removing the entire dash panel can cost upwards of eight labor hours at over \$100 per hour at today's shop rates.

- Four Seasons® Air Door Actuator Kits reduce time and labor by combining all actuators into one convenient kit, allowing all actuators in a common location to be replaced at the same time.
- No more waiting for the right part or repeat repair costs for items that have a common service life.
