

2022 NEW ITEMS FEBRUARY

Air Door Actuator Kits

Four Seasons is pleased to announce the introduction of NEW Air Door Actuator Kits. These 11 application specific kits cover over 21 million vehicles on the road today. With as many as eight Air Door Actuators per application, replacing actuators one-by-one can be a costly and labor intensive repair. Four Seasons new Air Door Actuator Kits reduce time and labor by combining all actuators into one convenient kit, allowing all actuators in a common location to be replaced at the same time.
